

# QUALITY **CASA LARGA** EST. 1974

*Experience an Italian way of life™*

Casa Larga Vineyards is one of New York's premier wine producers, highly regarded for its production of award winning, world class Ice Wines.

In 1974, Andrew Colaruotolo (Mr. C), an immigrant from Gaeta, Italy, founded Casa Larga Vineyards as a hobby, seeking to create wines reminiscent of those produced by his family's vineyard in Italy. Casa Larga's first 3 wines were produced in 1978, earning gold and silver medals in the first competition in which they were entered. Now, in its 35th year of operation, Casa Larga continues this tradition of excellence – producing high quality, award winning wines, while acting as a driving force in the evolution and growth of New York's Finger Lakes wine region.

Casa Larga produces a wide range of wines, including red and white table wines, Champagne and Ice Wine. The winery produces 4 lines of wines, classified under the names Casa Larga, Fiori, Gallery 155 and Vineyard Hill.

Casa Larga's Fiori line, created in the mid-1990's, is reserved for only the highest quality wines, produced through traditional production methods, including the French Methode Champenoise and the German Eiswein process. Ice Wines are Casa Larga's star products. The winery's Fiori Vidal Ice Wine has received some of the highest recognitions in the wine industry, including the "Governor's Cup" for "Best Wine in New York State", and the "Best Dessert Wine" Trophy from the International Wine and Spirits Competition, making this wine the Best Ice Wine in the World.

#### **2006 Fiori Vidal Ice Wine - "World's Best Dessert Wine"**

Honey and peach aromas, with a bright smooth sweetness, and flavors of pineapple, apricot, and butterscotch. Rich, medium bodied, with a lingering and satisfying finish.

*Latest awards on recent vintages*

- Gold Medal, Best in Class & "Best Dessert Wine" Trophy from the 2008 International Wine & Spirits Competition
- Double Gold and Best of Show Dessert Wine – 2008 International Eastern Wine Competition
